WHAT TO EXPECT FROM THE POLICY CONFERENCE:

PLENARIES

Featuring high-profile speakers such as European Commissioner for Energy Kadri Simson, Executive Vice-President Margrethe Vestager, and representatives from the Czech presidency of the Council, the Ukrainian Ministry for Energy and the European Parliament, the Opening and Closing Ceremonies will present the EU's key priorities for the energy transition in the context of the REPowerEU plan and Europe's Green Deal.

KEYNOTE SPEECHES

Impactful speeches from key actors in energy policy set out the priorities for Europe's energy transition. Expect insightful contributions on the REPowerEU plan, Digitalisation, Energy Efficiency, Renewables, Consumers and a Fair Energy Transition, and Decarbonisation. These keynote interventions are the prelude to the thematic block on the topic addressed.

EUSEW AWARDS CEREMONY

The [European Sustainable Energy Awards](#) recognise outstanding individuals and projects for their innovation and efforts in energy efficiency and renewables. The Awards Ceremony will bring together European Commissioner for Energy Kadri Simson, members of the high-level jury and the finalists of the four categories in order to announce the winners in Innovation, Local Energy Action, Woman in Energy, and Young Energy Trailblazer.

DEBATE WITH AMBASSADORS

A dynamic exchange between [EUSEW Digital Ambassadors](#) from the non-profit sector, energy cooperatives and finance will be led by Director-General for Energy, Ditte Juul Jørgensen. Panellists will have the opportunity to engage with topics relating to the REPowerEU plan to boost the EU's energy independence, financial support for the green transition, and the need to cooperate globally to enact meaningful climate action.

DEDICATED YOUTH PROGRAMME ★

In the context of the [European Year of Youth](#) European Commissioner for Energy Kadri Simson will open the third European Youth Energy Day, which will feature discussions with young individuals from across Member States and an interactive session spotlighting innovators taking concrete steps towards a carbon-neutral future for Europe. All policy sessions relating to the European Year of Youth are marked in green on this programme.
