

Presenting the coolLIFE Project Tools

Aadit Malla

Senior Project Expert

Join Aadit Malla for an in-depth demonstration of the coolLIFE Project Tool. Discover how this innovative solution is revolutionizing space cooling efficiency and sustainability across Europe.

Knowledge Hub & Financial Instruments

Giulia Conforto

Policy & Finance Expert

Explore the comprehensive mapping of financing instruments across EU-27 countries with Giulia Conforto. Get exclusive insights into funding mechanisms for:

- Building decarbonization
- Heating system modernization
- Cooling infrastructure development
- District heating and cooling (DHC) implementation

Why Attend

Learn directly from industry experts about:

- Latest developments in sustainable cooling technologies
- Practical implementation strategies
- Access to financing opportunities
- Best practices in energy transition
- Tools and resources for project development

Session Highlights

1. Live Tool Demonstrations

- Interactive showcase of coolLIFE Project Tool
- Real-time data analysis capabilities
- Practical application scenarios

2. Financial Insights

- EU funding landscape
- Investment opportunities
- Financial instrument analysis

3. Knowledge Exchange

- Q&A sessions with experts
- Networking opportunities
- Access to resources
